

ARTTU VIITAJYLHÄ

PROFILE

I graduated as a software developer from OSAO in the spring of 2023.

I mostly work as a programmer and graphics designer but I'm also interested in game design and marketing.

In my free time, I work on my own projects.

My strengths in the gaming industry are calmness, pressure tolerance and that I'm fast learner.

LANGUAGES

Finnish - Native
English - Fluent

HOBBIES

Playing and modding video games, reading, cooking, D&D / Starfinder and my own game projects (design, programming and graphics) I also like going to local Game dev events.
